

# SAFETY DATA SHEET

## SECTION 1: IDENTIFICATION

### *Company Information:*

BioBlend Renewable Resources, LLC  
1500 Jarvis Ave.  
Elk Grove Village, IL 60007  
(630) 227-1800  
www.bioblend.com

### *Emergency Contact Information:*

(630) 227-1800  
8 AM - 4 PM, Monday through  
Friday

Product Name	BioGear S 220
Product Description	Biodegradable Synthetic Gear Oil
Product Use	Product is intended for use as an industrial lubricant.

## SECTION 2: HAZARD(S) IDENTIFICATION

Hazard Statement	This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard, which has been updated to align with the Globally Harmonized System of Classification and Labelling of Chemicals (GHS).
Precautionary Statements	Oil soaked materials (rags, steel wool, clothing, etc.) should be placed in a sealed metal container to prevent spontaneous combustion (fire). The product contains no substances at their given concentration, that are considered hazardous to one's health.
Hazard Classification	Not Applicable
Hazards not otherwise classified	May irritate eyes and/or skin. May be harmful if swallowed.
Unknown Toxicity Statement	<1% of the mixture consists of ingredients with unknown toxicity

### SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

<b>Components</b>	<b>CAS No.</b>	<b>Weight %</b>
Biodegradable Synthetic Ester	PROPRIETARY	80-100%
Performance Package	MIXTURE	0-20%

The exact percentage (concentration) of composition has been withheld as a trade secret. If CAS number is indicated as "PROPRIETARY" or "MIXTURE", information has been withheld as a trade secret.

### SECTION 4: FIRST AID MEASURES

**First Aid - Inhalation**      Move to fresh air and seek medical advice/attention if irritation develops.

**First Aid - Eye Contact**      Thoroughly rinse eyes and under eyelids with plenty of water for at least 15 minutes. Seek medical advice/attention if irritation develops.

**First Aid - Skin Contact**      Immediately remove contaminated clothing and shoes. Wash effected area immediately with warm water and soap. Seek medical advice/attention if irritation develops.

**First Aid - Ingestion**      If large quantities of this material are swallowed, call a physician immediately.

**Recommendations for immediate medical care/special treatment**      Physicians should treat symptomatically.

### SECTION 5: FIREFIGHTING MEASURES

**Suitable extinguishing media**      Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Unsuitable extinguishing media**      High volume water jet

**Specific hazards that may develop**      Risk of ignition. Rags and other materials containing this product may heat and spontaneously ignite if exposed to air. Store wiping rags and other materials in metal cans with tight fitting lids. Cool closed containers exposed to fire with water spray. Standard procedure for chemical fires.

**Special firefighting equipment/precautions**

Firefighters should use all standard protective equipment to fight fire including self-contained breathing apparatus. Empty containers contain residue and/or vapors; do not weld, cut, pressurize, braze, solder, drill, grind or expose to heat, spark or flame.

## **SECTION 6: ACCIDENTAL RELEASE MEASURES**

**Personal precautions**

Use personal protective equipment.

**Emergency procedures**

In the event of a spill, evacuate non-essential personnel, remove any sources of ignition, ventilate spill area, and prevent entry into sewers and waterways. Pick up free material for recycle or disposal and absorb residual liquid with inert material.

**Methods and material for containment**

Prevent further leakage or spillage if safe to do so. Soak up with inert absorbent material and remove any ignition sources. Use only non-sparking tools and ensure adequate ventilation. Notify the proper authorities.

**Cleanup procedures**

Dam up, then soak up with absorbent material. Use a dry spill kit or sand, and collect in appropriate containers before disposing according to all proper regulations. Clean contaminated surfaces thoroughly.

## **SECTION 7: HANDLING AND STORAGE**

**Precautions for safe handling**

Ensure adequate ventilation to prevent inhalation of vapor/dust. Do not use pressure to empty drums. Keep away from open flames, hot surfaces and sources of ignition. Avoid contact with skin, eyes, and clothing.

**Storage recommendations**

Store in original container in a cool, sheltered location. To maintain product quality, do not store in heat or direct sunlight. Keep container tightly closed in a dry, well ventilated area.

## **SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Exposure Limits**

**Contains no substances with occupational exposure limit values.**

**Engineering controls**

Ensure adequate ventilation, especially in confined areas. Apply technical measures to comply with the occupational exposure limits.

***Recommended Personal Protective Equipment:***

**Eye/Face Protection**

Safety goggles or safety glasses with side shields are recommended.

**Respiratory Protection**

No personal respiratory protective equipment normally required.

**Skin/Body Protection**      Oil resistant gloves and impervious clothing are recommended. Appropriate body protection should be selected based on activity and possible exposure. Specific local conditions under which the product is used should also be taken into consideration.

## **SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**

<b>Appearance</b>	<b>Amber liquid</b>
<b>Odor</b>	<b>Mild odor</b>
<b>Odor Threshold</b>	<b>Not available</b>
<b>pH</b>	<b>Not available</b>
<b>Melting Point/ Freezing Point</b>	<b>Not available</b>
<b>Initial Boiling Point/ Range</b>	<b>Not available</b>
<b>Flash Point</b>	<b>&gt;500° F (&gt;260° C)</b>
<b>Evaporation rate</b>	<b>Not available</b>
<b>Flammability</b>	<b>Not available</b>
<b>Flammability, upper limits</b>	<b>Not available</b>
<b>Flammability, lower limits</b>	<b>Not available</b>
<b>Vapor pressure</b>	<b>Not available</b>
<b>Vapor density</b>	<b>Not available</b>
<b>Relative density</b>	<b>Not available</b>
<b>Solubility(ies)</b>	<b>Soluble in many organic solvents</b>
<b>Solubility in water</b>	<b>Negligible</b>

**Partition coefficient:  
n-octanol/water**                      **Not available**

**Auto-ignition tempera-  
ture**                                      **Not available**

**Decomposition temp-  
erature**                                **Not available**

**Viscosity @ 40C, cSt**              **220**

## **SECTION 10: STABILITY AND REACTIVITY**

**Reactivity**                              **This product is stable and non-reactive under normal conditions of use, storage, handling and transportation.**

**Stability**                                **This product is chemically stable under normal conditions of use, storage, handling and transportation.**

**Possibility of hazard-  
ous reactions**                        **No dangerous reaction known under conditions of normal use.**

**Conditions to avoid**                **Avoid contact with incompatible materials and keep product away from open flames, hot surfaces, and sources of ignition.**

**Incompatible mater-  
ials**                                        **Strong oxidizing agents**

**Hazardous decomp-  
osition products**                      **Thermal decomposition may lead to formation of carbon oxides**

## **SECTION 11: TOXICOLOGICAL INFORMATION**

### ***Potential health effects:***

**Inhalation**                              **Health injuries are not known or expected under normal use. When in the form of an airborne mist, refer to section 8 for exposure limits pertaining to "vegetable oil mist". Excessive inhalation of mist may result in respiratory irritation.**

**Eye contact**                            **Not expected to to pose health issues for the eye.**

**Skin contact**                           **Prolonged or excessive contact with skin may result in mild irritation, however, significant health injuries are not expected under normal use.**

Ingestion Health injuries are not known or expected under normal use.  
Overexposure may cause gastrointestinal disturbance.

**Symptoms or effects, including acute and delayed:**

Inhalation None known or expected under normal use.

Eye Contact None known or expected under normal use.

Skin Contact None known or expected under normal use.

Ingestion None known or expected under normal use.

**Toxicological effects:**

Information on toxicological effects:	
Acute Toxicity	Based on available data, no evidence of acute toxicity.
Skin corrosion/irritation	Based on available data, not, or only mildly irritating.
Serious eye damage/irritation	Based on available data, not, or only mildly irritating.
Respiratory or skin sensitization	No data available
Germ cell mutagenicity	No data available
Carcinogenicity	No data available
Reproductive toxicity	No data available
STOT - single exposure	No data available
STOT - repeated exposure	No data available
Aspiration hazard	No data available

NTP Report on Carcinogens This product is not considered to be a carcinogen by NTP.

IARC listing of potential carcinogens This product is not considered to be a carcinogen by IARC.

OSHA listing of potential carcinogens This product is not considered to be a carcinogen by OSHA.

## SECTION 12: ECOLOGICAL INFORMATION

OECD 301B Biodegradability >60%

## SECTION 15: REGULATORY INFORMATION

US TSCA Inventory	All components of this product are listed on the TSCA Inventory.
California Prop. 65	Not listed
SARA Extremely Hazardous Substances	Not listed as such
SARA Section 313	Does not contain any 313 ingredients
CERCLA Hazardous Substances	No reportable quantity for this product or its components

## SECTION 16: OTHER INFORMATION

Revision date 6\_28\_2018

This product's safety information is provided to assist our customers in assessing compliance with safety, health and environmental regulations. The information contained within this document is based on data available to us and is believed to be accurate at the time of last revision. However, no warranty of use or any other warranty is expressed or implied regarding the accuracy of this data, the results to be obtained from the use thereof, or the hazards connected with the use of this product. Whereas the use of this product is within the exclusive control of the user, it is the user's obligation to determine the conditions for safe use of this product. Such conditions must comply with with all regulations concerning this product. BioBlend Renewable Resources, LLC assumes no liability for any injury or damage, direct or consequential, resulting from the use of this product unless such injury or damage is attributable to gross negligence on the part of BioBlend Renewable Resources, LLC.
